

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Adopt Resolution Approving Plans and Specifications and Authorizing Advertisement for Bids for the Lodi Avenue Overlay (Lower Sacramento Road to Ham Lane)/Pacific Avenue Extension (Walnut Street to Lodi Avenue) Project; Authorizing the City Manager to Execute All Necessary Agreements to Implement the Project and to Award or Reject the Contract up to **\$815,000**; and Appropriating Funds

MEETING DATE: March **16,2005**

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution approving plans and specifications for the above project; authorizing the City Manager to execute all necessary agreements to implement the project and to award **or** reject the contract **up** to \$815,000; and appropriating funds.

BACKGROUND INFORMATION: This project is comprised of two separate but contiguous elements of work paid for by separate funding sources. They are being combined as one project to take advantage of economy of scale cost savings associated with larger projects (see attached).

The first element of work consists of installing a 0.15-foot thick asphalt pavement overlay on Lodi Avenue between Lower Sacramento Road and Ham Lane which includes approximately **3,550** tons of asphalt concrete and 35,400 square yards of pavement reinforcement fabric; pavement grinding, pavement striping; wheelchair ramps; installing 1,100 linear feet of 15-inch diameter storm drain pipeline; and other incidental and related work. This portion of the work will be funded by Measure K Maintenance and Wastewater funds. The storm drain improvements are being performed prior to the overlay to address deficiencies associated with the local drainage system serving Leland Court.

In anticipation of the paving project, Street Division crews performed base failure repairs in 2004 within the project limits to stabilize portions of the existing pavement that were determined to be in too poor of condition to overlay.

The second element of work consists of constructing a roadway extension of Pacific Avenue between Walnut Street and Lodi Avenue. This work is being performed in cooperation with the Lodi Unified School District and includes approximately **450** linear feet of roadway improvements that are planned to facilitate traffic flow (including school buses) during school operations. The roadway extension will be constructed on School District property and remain a District owned and maintained facility.

Traffic studies show that by providing an additional access point for Lodi High School at this location, the traffic circulation at Elm Street and Pacific Avenue, and Ham Lane at Walnut Street and Oak Street will be more evenly distributed, reducing the congestion at these locations during school commute times.

APPROVED: 
Blair King, City Manager

Adopt Resolution Approving Plans and Specifications and Authorizing Advertisement for Bids for the Lodi Avenue Overlay (Lower Sacramento Road to Ham Lane)/Pacific Avenue Extension (Walnut Street to Lodi Avenue) Project; Authorizing the City Manager to Execute All Necessary Agreements to Implement the Project and to Award or Reject the Contract up to \$815,000; and Appropriating Funds
March 16, 2005
Page 2

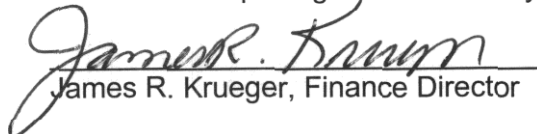

Funding for this portion of the work is from a \$108,000 Safe Routes to School Grant secured by Public Works staff and a \$12,000 match from Lodi Unified School District.

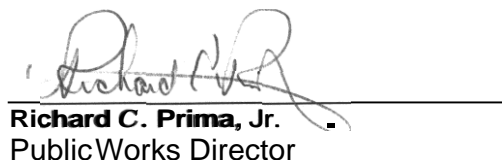

Construction for both elements of work is scheduled to take place during the months of June and July while school is out of session. Businesses and residents along the corridor will be notified prior to the start of work.

Staff is requesting Council authorize the City Manager to award *or* reject the Contract up to \$815,000 and to execute all necessary agreements such as a Program Supplement and Master Agreement for project funding.

FISCAL IMPACT: The project is anticipated to reduce storm drain and pavement maintenance costs along the Lodi Avenue corridor between Lower Sacramento Road and Ham Lane. No fiscal impact is associated with the Pacific Avenue extension since the facility will continue to be owned and maintained by the Lodi Unified School District.

FUNDING AVAILABLE:	Measure K Maintenance:	\$590,000
	Wastewater Fund:	\$105,000
	Safe Routes to School Grant:	\$108,000
	Lodi Unified School District	\$ 12,000
	Project Estimate:	Less than \$815,000
	Budgeted 2003-2005:	CIB E-59
	Planned Bid Opening Date:	May 1, 2005

RESOLUTION NO. 2005-45

A RESOLUTION OF THE LODI CITY COUNCIL APPROVING PLANS AND SPECIFICATIONS AND AUTHORIZING ADVERTISEMENT FOR BIDS FOR LODI AVENUE OVERLAY (LOWER SACRAMENTO ROAD TO HAM LANE)/PACIFIC AVENUE EXTENSION (WALNUT STREET TO LODI AVENUE) PROJECT, AND FURTHER AUTHORIZING THE CITY MANAGER TO EXECUTE ALL NECESSARY AGREEMENTS TO IMPLEMENT THE PROJECT AND TO AWARD OR REJECT THE CONTRACT UP TO \$815,000, AND APPROPRIATE FUNDS FOR THE PROJECT

=====

WHEREAS, this project is comprised of two separate but contiguous elements of work paid for by separate funding sources and are being combined as one project to take advantage of economy of scale cost savings associated with larger projects; and

WHEREAS, the first element of work consists of installing a 0.15-foot thick asphalt pavement overlay on Lodi Avenue between Lower Sacramento Road and Ham Lane, which includes approximately 3,550 tons of asphalt concrete and 35,400 square yards of pavement reinforcement fabric; pavement grinding, pavement striping: wheelchair ramps; installing 1,100 linear feet of 15-inch diameter storm drain pipeline; and other incidental and related work. This portion of the work will be funded by Measure K Maintenance and Wastewater funds. The storm drain improvements are being performed prior to the overlay to address deficiencies associated with the local drainage system serving Leland Court; and

WHEREAS, the second element of work consists of constructing a roadway extension of Pacific Avenue between Walnut Street and Lodi Avenue. This work is being performed in cooperation with the Lodi Unified School District and includes approximately 450 linear feet of roadway improvements that are planned to facilitate traffic flow (including school buses) during school operations. The roadway extension ~~will~~ be constructed on School District property and remain a District-owned and -maintained facility; and

WHEREAS, traffic studies show that by providing an additional access point for Lodi High School at this location, the traffic circulation at Elm Street and Pacific Avenue and Ham Lane at Walnut Street and Oak Street will be more evenly distributed, reducing the congestion at these locations during school commute times. Funding for this portion of the work is from a \$108,000 Safe Routes to School Grant secured by Public Works staff and a \$12,000 match from Lodi Unified School District; and

WHEREAS, construction for both elements of work ~~is scheduled~~ to take place during the months of June and July while school is out of session, with businesses and residents along the corridor being notified prior to the start of work; and

WHEREAS, staff recommends approval of the plans and specifications and authorization for bids for the Lodi Avenue Overlay (Lower Sacramento Road to Ham Lane)/Pacific Avenue Extension (Walnut Street to Lodi Avenue) Project, and further recommends authorizing the City Manager to execute all necessary Agreements to implement the project, and further authorizes the City Manager to award or reject the contract up to \$815,000.00, and further recommends appropriating \$815,000.00 as follows:

Measure K Maintenance	\$590,000
Wastewater Fund	\$105,000
Safe Routes to School Grant	\$108,000
Lodi Unified School District	\$ 12,000

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby approve the plans and specifications and authorizes advertisement for bids for the Lodi Avenue Overlay (Lower Sacramento Road to Ham Lane)/Pacific Avenue Extension (Walnut Street to Lodi Avenue) Project; and

BE IT FURTHER RESOLVED that the Lodi City Council hereby authorizes the City Manager to execute all necessary agreements to implement the project; and

BE IT FURTHER RESOLVED that the City Council authorizes the City Manager to award or reject the contract up to \$815,000.00 for the Lodi Avenue Overlay (Lower Sacramento Road to Ham Lane)/Pacific Avenue Extension (Walnut Street to Lodi Avenue) Project; and

BE IT FURTHER RESOLVED that funds in the amount of \$815,000.00 be appropriated as follows:

Measure K Maintenance	\$590,000
Wastewater Fund	\$105,000
Safe Routes to School Grant	\$108,000
Lodi Unified School District	\$ 12,000

Dated: March 16, 2005

SUBJECT: Adopt Resolution Approving Plans and Specifications and Authorizing Advertisement for Bids for the Lodi Avenue Overlay (Lower Sacramento Road to Ham Lane)/Pacific Avenue Extension (Walnut Street to Lodi Avenue) Project; Authorizing the City Manager to Execute All Necessary Agreements to Implement the Project and to Award or Reject the Contract up to \$815,000; and Appropriating Funds

Enclosed is a copy of background information on an item on the City Council agenda of Wednesday, March 16, 2005. The meeting will be held at 7 p.m. in the City Council Chamber, Carnegie Forum, 305 West Pine Street.

This item is on the consent calendar and is usually not discussed unless a Council Member requests discussion. The public is given an opportunity to address items on the consent calendar at the appropriate time.

If you wish to write to the City Council, please address your letter to City Council, City of Lodi, P. O. Box 3006, Lodi, California, 95241-1910. Be sure to allow time for the mail. Or, you may hand-deliver the letter to City Hall, 221 West Pine Street.

If you wish to address the Council at the Council Meeting, be sure to fill out a speaker's card (available at the Carnegie Forum immediately prior to the start of the meeting) and give it to the City Clerk. If you have any questions about communicating with the Council, please contact Susan Blackston, City Clerk, at 333-6702.

If you have any questions about the item itself, please call Charlie Swimley, Senior Civil Engineer, at 333-6800, extension 2593.
